

Engagement of Women's Groups in Voluntary National Reviews

This is the second annual Women's Major Group evaluation of the involvement and participation of women's groups in official voluntary national review processes for the HLPF. The answers to this survey will be confidential and will be used for WMG analysis and commentary about meaningful participation in the VNR processes globally. Possible uses of the answers include presentations during side events, evidence for oral statements, and a printed publication. Your thorough and accurate answers will be invaluable in our efforts to increase and improve women's groups involvement in official VNR processes.
