HOW TO DEAL WITH PRIVACY AND ANONYMITY

Photo by Jon Feinstein What privacy & anonymity have to do with tech-related VAW Anonymity and digital privacy are a critical part of human rights, but they are also connected to cyber crime, such as fraud, identity theft, cyber stalking, bullying, phishing and trolling. Survivors...

HOW TO STORE DATA

What data storage has to do with tech-related VAW Dealing with incidents of tech-related violence involves reporting, investigating and collecting evidence. Collecting data is critical, as tech-related VAW is an increasing but under-analysed issue due to lack of valuable data. Record-keeping can...

HOW TO TALK TO SURVIVORS

Why it's important to know how to talk to survivors People who are not trained to talk to survivors often say the wrong thing even when they mean well. Some people do not understand that violence online is equal to, and sometimes has an even greater impact than, violence offline. Survivors often...
