<b>[2] BRIEF DESCRIPTION</b> Please provide a description of your main activities	
DFID-funded project on the prevention of SGBV at the community level in the following conflict and post-conflict countries, Afghanistan, Haiti, Liberia, Uganda, Rwanda, and Timor L'este.  Progressive constitutional provisions or legislative measures on women's rights or the recognition in peace agreements of women's need for justice and redress remain too often words on paper. The focus on community-level initiatives in UNIFEM's programme is intended to ensure that national commitments to women's rights and needs are experienced in the form of changed attitudes as well as increased security on the ground. A major constraint on women's capacity to engage in peacebuilding is the experience of sexual and gender-based violence, which often continues at heightened levels after a conflict or crisis.  Partnerships and strategies will target multiple levels of engagement, from women's inclusion in formal peace processes to co-policing strategies in neighbourhoods, work with customary or traditional authorities, and support for services for survivors.

<p><b>[2] BRIEF DESCRIPTION</b> Please provide a description of your main activities</p> <p>The United Nations Trust Fund in Support of Actions to Eliminate Violence against Women identifies and supports innovative and catalytic projects around the world that aim to break new ground, create new models and mobilize new constituencies in efforts to eliminate violence against women in all its manifestations. Administered by UNIFEM, the Trust Fund generates lessons and good practices that inform larger programmes of UNIFEM and its civil society, governmental and United Nations partners at the national, regional and global levels. Since the Trust Fund began operation in 1997, it has awarded close to \$14 million in grants to 234 initiatives in 109 countries. Since 2005, grant making focuses on securing and supporting implementation of existing laws and policies in all regions to address the multiple forms of violence that women face. The Trust Fund also, through a special window, supports interventions that address the intersection of violence against women and HIV/AIDS, with a view to reduce 1) violence against women as an effective preventive measure for HIV/AIDS, as well as 2) violence against HIV-positive women and girls that results from stigma and discrimination, to increase their access to justice and services. In 2008, the Trust Fund, in partnership with UN Action Against Sexual Violence in Conflict plans to open a special window on sexual and gender-based violence in conflict.</p>

# ANNEX I. DETAILED INSTRUCTIONS

The template consists of three sections:

- Section A: Identification of the initiative
- Section B: Initiative results statements and indicators
- Section C: About the initiative

Completion of all three sections of this template follows the results chain from a higher goal in the thematic areas for the implementation of SCR 1325 through outputs to strategies/activities.

## Section A. Identification of the initiative

This section requests information on the actions to be taken or to be performed through which UN entity is intended to produce specific outputs. In the boxes in this section, entities are requested to provide: 1) a brief title of the initiative; 2) a short narrative description; 3) information on main partners; and 4) indicate which of the five thematic area/or areas the initiative aims at: Prevention; Participation; Protection; Relief and Recovery; or Normative. Broad definition of the thematic areas together with examples are provided below to facilitate identification of thematic areas. We encourage marking more than one area only when considered strictly necessary. If the initiative is a joint effort by several entities or a coordinating mechanism, please provide the full name (s) of the coordination mechanism and entities involved.

## **Section B. Initiative results statements and indicators**

In this section entities are requested to place their reported initiative (s) in a Results Based Management (RBM) framework and provide information on:

- **Output/expected accomplishments:** This refers to the products and services which results from the completion of planned activities within a specific initiative
- **Indicator of output/expected achievement:** Please provide indicators for the reported initiatives. You can list both qualitative and quantitative indicators that will allow the verification of changes produced by the initiative relative to what has been planned. Make sure that output indicators measure the output statements. Please refer to Annex 2 for the list of suggested indicators.
- **Source.** Please provide information about the data sources for your selected indicator
- **Baseline:** Please provide baseline data against which progress can be measured. The baseline might be defined on the basis of the results achieved by each entity through implementation of 2006-2007 action plan.

## **Section C. About the initiative.**

This section requests more specific information on the initiative.

- **Where?** Indicate where the initiative will be implemented – HQ, global, region, country. Please specify name of region (s) or country (ies). [NOTE: If the same initiative will be implemented in several countries or regions, please use one template for the initiative but list all the relevant locations]
- **When?** Indicate the time-frame of the initiative. Please be as specific as possible, e.g. instead of reporting “ongoing,” provide information of start and end dates and/or frequency.

- **How?** Each initiative should be categorized according to five broad categories: policy development; advocacy; capacity building; partnerships/networking and provision of goods and services. For analytical purposes the category ‘capacity building’ has been divided into three sub-categories: ‘training’, ‘guidelines’ and ‘other capacity building’. The box below explains these categories.

### **POLICY DEVELOPMENT**

The development of policy directives or codes of conduct, including for project design, reporting, monitoring and evaluation. This would also involve policies for all levels and categories of staff outlining roles and responsibilities as well as more general external policies to guide efforts by external partners or other actors.
